

TUTTLES ANNEX BOWLING HONORS

In Final Test They Take the City Title by Defeating the Walz Quintet.

Championship honors of the Cactus league fell to the Tuttle five last night at the Cactus club when that quintet defeated the Walz five by a margin of 117 pins.

By brilliant rolling the Walz team had crawled into a seeming impossible tie with the Tuttle and last night's contest was an extra series to determine which club would get the city honors. The Tuttle came to the scratch and bowling in the form that has kept them at the top of the league the season through they routed home with the victory although at times it looked a bit shady for them.

In the first game the Walz team topped the Tuttle by a margin of eight pins. Bryan, of the Tuttle—who was the star of the series—shot 221 or the ultimate winners would have been snared under them. At the end of the second game the Tuttle had gotten back to the top of the league and amassed the narrow margin of six pins. Stratton shot 227 in this game and Barela nailed 228.

It was all up to the third game and shooting 266 the Tuttle swamped the Walz outfit and tucked away the season's championship honors.

The scores:
Tuttle Team 383 370 308 547
Clark 122 170 168 539
Tuttle 147 144 190 481
Crichton 191 227 149 597
Stratton 223 184 221 628
Bryan 222 225 173 620

Walz Team 195 164 179 538
Blumenthal 148 185 132 465
Callisher 212 166 131 509
Trimble 193 143 181 517
Barela 221 225 173 620

Margin 117; high game Stratton 266; high total; Bryan 628; strike out Trimble. Gus Paul rolls the last game for Crichton.

EL PASO MOOSE TO GET \$100,000 HOME

Local Order Secures 1000 Members in Campaign For a Home.

A \$100,000 home for El Paso lodge of the Moose is assured. The Moose have won in their contest for members, which will bring a \$50,000 building fund from the supreme lodge, and to this at least \$50,000 will be added. A number of sites have been considered and tentative plans will be turned over to an architect soon.

It required 1,100 members to bring the bonus from the mother lodge. When next Friday's initiation is completed that number will be exceeded by more than 200. Jones' official says. In addition to the \$50,000 bonus, an additional \$40,000 will be secured by a loan and three or four members have promised \$4,000 each. This will bring the fund over and above the \$100,000 mark.

This week sounds the closing of the season of the El Paso Theatre, Friday and Saturday nights and Saturday matinee, Ferris Hartman's big company of 28 people will present their masterpiece, The Campus. This particular bill had a run of over six consecutive months in Los Angeles, and is without doubt one of the funniest shows on the road. The prices are \$1.50 and \$1.00 down stairs, same prices as charged in Los Angeles; Matinee prices, 75c and \$1.00. Everyone should attend these two shows as this closes the El Paso for the season and with such superior attractions should close the season amid great satisfaction to all theatre patrons.

Hurrah! Hurrah! Hurrah!

Every effort has been exerted to complete every detail for the successful season this summer at the Airdome, one of the best companies ever organized, and in fact the choice of all stock companies in the judgment of the manager, has been signed for the entire summer, provided El Pasoans patronize the show sufficiently to warrant its continuation. MYRTLE VANE, the peer of all leading ladies on the coast, supported by the World's Fair Stock company, will present REAL ROYALTY bills, no slapstick comedy, opening with ARIZONA, first three days, and CHARITY BALL, last half of week. Others to follow: Salvation Nell, Alias Jimmy Valentine, Spendthrift Brewster's Millions, Deep Purple, Fortune Hunter, Bird of Paradise, Merely Mary Anne, and others. STEAMERS TO BURN OIL.

San Francisco, Calif., April 24.—The Pacific coast steamship company, the oldest line on the coast, has finally decided to burn oil. It placed a contract today to convert its steamer Eureka from a coal to an oil burner, and the policy will be extended to its other ships, as convenience serves.

Although the company owns its own coal mines, it figures that the saving in fuel and labor costs will more than repay the expenses of conversion.

Short Sport "Thots" Put Into Paragraphs

George Siler Was the Last of the Really Great Referees.

THERE is no one referee who stands out head and shoulders above all others at the present writing. George Siler was the last really great referee.

But even he, at times, was not properly appreciated.

Charlie White is the best referee in the east, while Charles Eytton and Eddie Welch are supposed to be the class of the west.

While the ring referee is not so eternally disgraced with as the baseball umpire, still his job is not a bed of roses.

When here Drinn said: "If you've got the enthusiasm the route will follow. The route without enthusiasm isn't worth a hang. The people here in El Paso have the spirit. That means more to the club than I represent than a 40-foot boulevard."

Drinn is but 27 years of age but he has been routing national highways and following the auto game for several years.
